EDUCATION

Bachelor's Degree

Itahari International College (aff. London Metropolitan University)

Graduated (2019 - 2022)

+2 (Science stream)

Vishwa Adarsha College

2017 - 2019

EXPERIENCE

Junior Frontend Developer Intern

Sajilo Software Solution Pvt.ltd (July 2021 - September 2021)

- Developed a range of applications, including e-commerce using multiple cross-platform technologies.
- Worked closely with experienced developers, consistently meeting expectations and delivering high-quality work.
- Contributed to the design and documentation of user interfaces for various projects.
- Contributed to the quality assurance testing process to ensure the delivery of a high-quality product.

SKILLS

- React & NodeJs
- Git Version Control
- Project management tools
- Logic building & problem-solving techniques
- JavaScript
- UI designing (Figma & XD)
- Accessibility
- HTML, CSS

ACHIEVEMENTS

- **Hult Prize 2021**
- **Caption Contest 2021 (WINNER)**
- **Britain fair fusion dance 2021 (WINNER)**

PROJECTS

1. Beginners (2021-2022)

A web application named as a beginners designed and developed for people to find or post the suitable jobs and internships easily with their preferred locations and suited jobs. My contributions included the overall development of this website, implementing new features, fixing bugs, and optimizing app performance.

Final overview

I pride myself on my expertise in a variety of areas, including time management, software development, following good code architecture and SOLID principles, Git version control, frontend, SQL, and good communication skills. In other words, I'm a jack of all trades (but hopefully not a master of none). Whether I'm tackling a new project or solving a complex problem, I bring a strong set of skills and a logical mindset to the table. And if that wasn't enough, I'm also a pretty good multitasker - I just don't like to juggle while I'm coding.
