PERSONAL PROFILE

A knowledgeable, detailed-oriented and a highly motivated student, who is interested and enthusiastic in UI/UX design and web development is looking for the React Front-End Developer internship within a real-time environment. Throughout my education, I have demonstrated a high level of motivation, work ethic and teamwork to achieve my potential and build who I am today. As, I am one step towards my journey, I further wish to utilize all my skills and knowledge to work with all the peoples in an organization to carry out the project.
